

I am so sorry that I am not with you all tonight but I am afraid that my age has caught up with me . I am OK in the mornings but come the evenings I get so tired

Anyway I am sure that you will enjoy the evening , good food and a little drink or two together with some banter and a lot of laughter should ensure that you go home happy .

Though I don't get to training much nowadays and very seldom get to races my mind is constantly thinking of the club and planning our races. I think of what we have achieved in a relatively short time and what we can and will achieve in the future . I seldom meet any of the newer members and I am sorry for that but I am positive that this year will really make us as a club.

I feel that with the use of RAF Coltishall , sorry Scottow Enterprise Park , our races will undoubtedly have a greater number of entries and exposure for the club . And having our own building and use of the base for training could well increase our membership considerably

I feel too that I have got a couple of things right in my lifetime . Marrying June 60 years ago , I repeat 60 years , gave me two sons and that the forming of the Jags after losing Michael was definitely the right thing to do . Someone said to me once that the Jags are indeed a fitting tribute to Michael

I am proud of you all , even Stewie who of all things is a Spurs supporter

Nite nite

Alan
